First School House and Council House in Iron County

“I commenced a grammar school in my wikiup by the light of the fire and only one grammar book.”  
Diary of George A. Smith, February 25, 1851.

The first school house, 18 X 24 feet, was built west of the Council House and dedicated December 25, 1851. This log council house, 22 X 45 feet, was erected in 1851 with a large stage, and it served as a social center for Iron County until The Rock Church was completed in 1867.
