

THE VOTE IN IRON COUNTY

The following is practically the complete tabulated vote of Iron county in the recent election, held last Tuesday. Only one very small precinct has not been heard from. This is Stateline, and not more than four or five votes could have been cast there, if indeed, an election was held there at all. The following table may be regarded as practically complete, and at any rate it is impossible that any of the results can be changed by the official canvass of the returns, which will be made next Monday by the Board of County Commissioners.
