

HOME PURCHASE ACTIVITY IN CEDAR ON INCREASE

Several deals have been reported during the past week in which various homes in Cedar have been sold. The George Ten Eyck home in Columbia Heights west of town has been purchased by Ianthus Wright, a member of the Branch Agricultural College faculty, and Theo Corry has purchased the home now occupied by Reed H. Gardner, which is located on south Main street. It is also understood that City Marshall Arthur Nelson has purchased the Pratt Houchen home on North First West, and that Erwin Walker has purchased the Nelson home on North Third West.

Four new homes are also under construction, including homes being built by Marvin Jones, L. Nelson Marsden, Reed H. Gardner and John Lundell. Three others, those being built by I. E. Riddle, Otto Junge and Moroni Perry are just being completed.
