The person I'm talking about is my Great Grandpa Gerald Gillins. He lived in Richfield and passed away in January 2022 around new years. I don't know the exact date. He collected rocks, crystals, gems, ect. He really liked hunting and camping with his family. Any time he meets someone he will love them immediately he doesn't care who you were to him. He also really likes fishing and anything that's outdoors. He had a very Friendly Dog but she passed away. The dog's name was misty. He has many interesting stories he could tell you. He also made really good food. He had a big crystal in his living room. Any time you visit his house. Sometimes he'll give you one rock or two. He'll also give you some cookies or a twinkie. He has a very goofy smile and personality. He has a big backyard with a little bridge you can go on and there's water that runs. He didn't have a job because they retired. He had some board games you can play sometimes. He's proud of things you do like a handstand and simple things. He had a piano if you ask, you can play it sometimes. He had a bunch of family members. He has a bird feeder for hummingbirds so that you can sit in a chair and wait quietly for them. And if you're camping with him he'll help you catch hornytoads. And then take a picture. He also has a camper van and it's very pretty inside. He has multiple plants. He likes to hang out with people and he's very friendly too. Okay so Thats alot of things about My Great Grandpa Gerald Gillins.
