that my Grandma and Grandpa are
prety intresting. First,

My Grandma, she use to own a store
and as a kid it felt like she was RICH!

caus we dog sit for them and she gave us one

doller, but now she gives us five dollers! Next,

any way my grandma,

shes realy nice and she lets me keep

some stuff. Last,

They also are dog people, really.

They have like three dogs and two

cats, so thats my Grandma!

This one is about My Grandpa.

this might sound a little scary, but he is not. First, he is a gun person.

He collects a ton of guns. He's really good at hunting. Next,

he's really nice like my Grandma.

he has a small store in the store My Grandma had. Last,

he's really funny, and I think he's pretty cool! and some interesting things

about him is he almost broke every

bone in his body! and he rode motor cycles, and fourwheelers! that's my Grandpa!

In conclusion, my Grandma and
Grandpa are nice, cool, funny, and interesting.

A I love my Grandparents and they
are really loving!!!

Any questions?
