## Getting To Know Lisa Kay Pellegrini

My grandma Lisa Kay Pellegrini is the bravest Grandma of all Grandmas I know. I know this because she had cancer 3 times. My grandma was born on August 15, 1954 in Reno, Nevada. She was an only child.

My grandma and grandpa go to church and guess what they were the first to go to church in the family. So technically they are the pioneers of the family. My grandma's biggest challenge is health problems. She overcame it by having a positive attitude, saying lots of prayers, and taking care of her body.

Me and my grandma have a lot of things in common but I'm going to tell you about two of them. So the first one is we LOVE to play games like monopoly. The second thing is we are both good at English in general.

Do you like football? If you do like football you will like this. My grandma's dad was a star football player in high school and in college he got a scholarship for himself and a friend. He had a friend who could not afford to go to college and my great grandpa told them the only way he would accept the scholarship and play football for them was if they would give a scholarship to his friend, and they did!

My grandma was married to Raymond Lunsford. They got married in Hawaii. They have been married for almost 50 years. My grandpa has had two knee replacement surgeries. He loves sports and old western movies. He likes to go swimming with us.

I know my grandma really well. I have a LOT of memories with her. Some memories are going to Newport Beach, my dance recital, SeaWorld in Texas, and going to Tuacahn to see a Cinderella play. Basically we do EVERYTHING together.

She is an animal lover and she mostly has dogs. In fact she actually saved a dog. Let me tell you the story. So one day she was driving and she saw this black dog in the road about to get run over so she stopped the car and she was trying to grab the dog, but then it got run over before she could get it. But she still grabbed the dog and took her to the vet right away. After she took it to the vet she was trying to figure out who her owner was. She did not have an owner so she kept the dog and named it Missy.

In conclusion, my grandma is special to me because she has been with me my whole life. We do LOTS of fun things together. She shows me how to be brave and strong. She is still alive and I can't wait to see what adventures we will go on next.
