Getting To Know My Ancestor

Have a good time reading it. My grandma Davis is a mom of 6 kids. MY grandma lives in a home a couple of hours from my house. My grandma works on the bus as an aid. My grandma has 3 foster kids. My grandma helps me with my puzzle that are 300 pieces. My grandma is kind because she helps me with my puzzles. My grandma used to help my mom with daycare. My grandma let my mom use her house when my mom started daycare. For Christmas I gave her a blue cup and she loved it. In the cup was candy. My grandma is a fun grandma. I hope you enjoyed it .
