

# Mrs. Graham Sends Letter of Appreciation

Postmaster H. H. Lunt received the following letter from Mrs. Maurice Graham, expressing her appreciation of the assistance and kindness of the people of this section in the arduous search for her husband who lost his life January 11, when his plane was forced down in Crystal Gulch, during the terrific blizzard raging at that time:

July 20, 1930,

1317 Fuller Ave.,

Hollywood, Cal.

Dear Mr. Lunt:

I would appreciate your kindness ever so much, if you would post this letter of sincere appreciation to your people of Cedar City. I say your people, but they seem like mine too, for they have been so kind to us during this terrible ordeal. I thank you one and all for every effort put forth during this search.

Up to the last minute we had the greatest faith that our boy would be found safe and sound, especially after finding the ship in such splendid condition and Maurice having made his way out from there.

I know he made a courageous fight, but it was too much.

How grateful I am to have been the wife of such a splendid man, and wonderful he has been.

The children and I have nothing but the most pleasant memories of our daddy and sweetheart.

Many thanks to you, good people, for all your kindness.

Most sincerely,

MRS. MAURICE F. GRAHAM
