

LETTERS TO THE EDITOR

Dear Editor:

On June 14, 1972, after being 24 hours overdue in Kolob Canyon, our hiking party of five spotted an aircraft sent to look for us. My wife had reported us overdue and missing to Sheriff Ira Schoppmann and he had organized the search party. Although we were safe, but out of food and tired, we were happy for help.

We wish to express our thanks to those who were concerned for our well being. To Mr. Bob Bradshaw who piloted the plane, the sheriff's department and the Iron County jeep patrol who searched for us and picked us up, we express our appreciation and gratitude.

We tenderfoots from back East will go home with a great respect for the people of the Western Mountain, especially Iron County.
